Marielena Krewer was born in Stuttgart, Germany.

She always knew what she wanted to be and started acting in primary school, there she got her first leading part on stage in the play "The Rainbowfish".

Dancing and acting classes followed right after.

A few years later she added horse riding and singing to her training.

She always loved being creative.

After school she played at "Jugend Theater Stuttgart" for one year, afterwards a big decision came up and by the age of 18, she moved to Berlin Germany.

In Berlin the next Theatre "Werk9" became her stage and she shot her first Short movies, movies, music videos and commercials. To continue growing as an actress Marielena went to a voice and dubbing School in Berlin and got her certificate, shortly afterwards she got a scholarship for a drama school, which she successfully graduated in.

A few months past her acting graduation she earned the next scholarship to participate in a hair and makeup school to become a hair and makeup artist to be financially independent.

All worked out well for her, again she graduated successfully and can afford herself joining more acting classes around the world, to become the best actress she can be. Since 2018 she is regularly working at the actors space Berlin with coach Andre Bolouri, got coached by

Stephan Schäfer, Mario Golden (from New York) and is a member of the Actors Centre London where she regularly travels to, to learn more from international coaches of the US and the UK.
