Nisa is a young ambitious woman who dances, acts and sings since the age of 6. She grew up in a small town in the south of Germany and moved to Berlin at the end of 2016. She studied economics for two semesters and changed her studies to dance and therefore back to her roots. Since then, she also took acting classes and played in short movies produced by talented young directors from the Filmuniversity of Babelsberg - next to the famous Babelsberg Studios.

After that she started studies in media and communication at the Filmuniversity herself, to have a profound theoretical background to the business she will be working in, but also plans and executes projects on her two passions: dance and film in 2020. Welcome!
